PUTTING WORDS INTO ACTION: ADDRESSING DISASTER DISPLACEMENT IN DRR STRATEGIES AND PRACTICE

Millions of people around the world are displaced each year in the context of disasters and climate change, and are in need of support and protection. No region is spared, but there is a lot we can learn from each other. Join us for this official side event at the European Forum for Disaster Risk Reduction, co-organized by the Norwegian Refugee Council and the Global Network of Civil Society Organisations for Disaster Reduction, to learn what States and civil society actors can do to reduce disaster displacement risk and address disaster displacement in policies and practice. This side event will showcase the “Words into Action” Guidelines on Disaster Displacement along with its checklist and eLearning tool.
